

SPRING BUSINESS BREAKFAST
featuring the Green Business Awards

Twice a year the chamber sits down to breakfast with business owners and community leaders from both Newton and Needham to hear from a keynote speaker and present awards to those who go above and beyond on behalf of the larger community.

A major component of our spring breakfast is the chamber's Green Business Awards, presented to companies which use green business practices in their daily operations in a meaningful way to reduce their carbon footprint and other environmental impacts. Under the leadership of the chamber's Environment Committee, the Spring Business Breakfast educates the general business community about the benefits of thinking green whenever possible.

Previous guest speakers have included urban planning expert Barry Bluestone; Governor Charlie Baker; Maryrose Sylvester, President & CEO of the new-to-Boston Current powered by GE; Capitalism CEO Doug Rauch; Massachusetts Attorney General Martha Coakley and Rich Davey CEO of Boston 2024.
